

Chillicothe R-II School District

Dear Parents,

Once again our school district will offer all students, free of charge, an exciting approach to learning called **Summer Journey**. Make no mistake about it; our summer program will be FUN for kids. Yet, our summer school program also provides an opportunity for students to experience over 60 hours of advanced academic preparation for the year ahead as well as to review and apply previously learned skills and knowledge. **Summer Journey's** extraordinary educational goals are comprised of academic courses with hands-on instruction centered in **reading, language arts, math, and social studies or science**. Other important fields of study are also available.

While the academic courses will be relaxed in format—no homework or tests for grades—**Summer Journey** will also offer courses for hands-on exploration and discovery. **Summer Journey** courses may include a rocket class, where students learn the basic principles of flight as they construct and fly real rockets, or a cooking course, where they learn basic cooking techniques. Other courses that may be offered include *Simple Machines*, designed to introduce students to elements of engineering, live well, and *Lifetime Sports*, designed to develop the body and encourage a lifetime of fitness. These are only a sample of the courses that may be offered.

In addition, if you are the parent of a child who will be entering Kindergarten in the fall of 2023, I strongly encourage you to consider enrolling your child in **Summer Journey**. We have noticed that when new students meet their teachers, fellow students and our staff during the summer, they are eager to return in the fall and find that “first day of school” experience to be a positive one.

Finally, to make the program even more enticing to students, an extensive incentives program characterizes **Summer Journey**. Students will be eligible to receive **daily prizes** if they come to school, exhibit a positive attitude, and work to improve their achievement. At the end of the program, some lucky students will also win **Grand prizes** that will be awarded on the final day. And, as in past years, all of our students who demonstrate outstanding attendance will be well rewarded with an **Attendance Recognition** ranging from \$50 for “near perfect” attendance to \$100 for “perfect attendance”.

Who should attend **Summer Journey**? Everyone. Simply put, it's good for kids. Look at the information enclosed. You'll be glad you did!

Sincerely,
Mr. Daniel Wiebers
Superintendent

What will my child(ren) do each day?

In the morning, Elementary and Middle School *Summer Journey* students will attend exciting academic classes where they may read interesting adventure stories, play language arts games, and/or use technology to solve math mysteries. A typical schedule would include four morning classes of Reading, Language Arts, Mathematics, and Science or Social Studies. After lunch, students will explore three fun-filled courses for first 12 days enrolled in the program, followed by three different courses in last 12 days.

How does the incentive program work?

Let's Go Visiting

Students visit and explore fascinating places in a child's world during the weekly mini-units Let's Visit the Garden, Let's Visit the Zoo, Let's Visit the Farm, and Let's Visit the Aquarium. Building on students' prior knowledge, engaging, theme-related activities foster early learning concepts and skills, such as letter and sound recognition, phonemic awareness, sorting, and counting. Games, manipulatives, literature response, and writing activities inspire active learning while integrated science and social studies concepts support meaningful learning connections and nurture students' natural curiosity.

Camp K

In the afternoon portion of the Kindergarten day, students head to their campsite for quiet time as they rest and listen to the sounds of nature. Then they hit the trail to explore concepts about camping and nature through theme-related and physical movement activities. During Backpack Activity Stations, students develop cooperation skills as they investigate manipulatives and create art. From examining wildlife tracks to sharing campfire stories, young campers enjoy their adventures at Camp K.
